Preferred Substitute List and Favorite Five

Teachers have the ability to create a "Substitute Preference" list and can select up to five favorite substitutes to be notified instantly when an absence is entered. Shortly after you enter an absence, all five of your "favorite" substitutes will receive an e-mail about the job (if they have one in the system.) They will also receive a phone call offering them your absence during the first available evening call period in the order in which you rank them (1-5.)

To create your Preferred Substitute List

- From the home page, click on the "Account" tab
- Under the "Personal Info" tab on the left, click "Preferred Substitutes"
- Click on the green "Add Substitute(s)" tab
- A dropdown of all substitute teachers for KSC will pop up. Click on the small box to the left of the substitute(s) name you want to add to your list.
- Scroll down to the bottom of the screen and click on the green "Add Substitute(s)" tab

You will then see your "Preferred Substitutes" list.

To add up to 5 subs to your "Favorite Five" list:

From your Preferred Substitutes List, click on the "heart" icon to the left of the substitute's name. It turns red with a number (1-5) to indicate the sub is on your "Favorite Five" list.
